Your real deadlines

For a qualifying plan nonrenewal after December 31, 2026.

Date	What it means
Oct 15 to Dec 7, 2026	Medicare Open Enrollment. The plan must receive your request by Dec 7 for a Jan 1, 2027 start.
Dec 8, 2026 to Feb 28, 2027	Special Enrollment Period for the qualifying nonrenewal. Start dates depend on when you enroll. See page 6.
Dec 31, 2026	Last day of the old plan in this example. Confirm your own notice.
Jan 1, 2027	Check which medical plan and drug plan actually cover you.
Mar 4, 2027	63 days after Dec 31. This is the usual last Medigap application date for that end date, if you have the right. See page 15.

These are separate clocks

A Medicare plan enrollment window and a Medigap purchase window are different. Do not wait until February to plan January drug coverage. A midyear termination or other notice can have different dates.
